Report Water Leaks Immediately!!

Water is our precious resource, especially so for all of us living in dry Southern California. To prevent water waste please report ANY water leak immediately to your manager or our office. Report any of the following:

- ✓ Running toilets. A constantly running toilet can waste literally thousands of gallons of water a month!!!
- ✓ Dripping kitchen faucets
- ✓ Dripping bathroom sink faucets
- ✓ Dripping tub faucets
- ✓ Lawn sprinklers left on too long
- ✓ Hose left running
- ✓ If you hear water running constantly

Always remember to:

- ✓ Keep showers to a few minutes
- ✓ Not overflow tubs and sink basins
- ✓ Stop overuse or misuse of water

Thank you for using water wisely. Please contact your manager, if you have any questions.

Sincerely,
Your Property Management Team
